Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditors' Report on Compliance for Each Major Program and Internal Control Over Compliance Required by OMB Circular A-133

Schedule of Expenditures of Federal Awards

Notes to Schedule of Expenditures of Federal Awards

Schedule of Findings and Questioned Costs

Summary Schedule of Prior Year Findings
The Comprehensive Annual Financial Report (CAFR) of the City of Manassas, Virginia, (the City) for the fiscal year ended June 30, 2014 is hereby submitted. The Code of the Commonwealth of Virginia requires that all local governments shall be audited annually with a report to the governing body by December 31. This report is published to fulfill that requirement.

As management, we assume full responsibility for the completeness and reliability of all the information contained in this report. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework that is established for this purpose. Because the cost of internal controls should not outweigh their benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City’s financial statements have been audited by Robinson, Farmer, Cox Associates, a firm of licensed certified public accountants. The independent auditor has issued and an unmodified (“clean”) opinion on the City’s financial statements for the fiscal year ended June 30, 2014. The independent auditor’s report is located at the front of the Financial Section of the CAFR.

Management’s Discussion and Analysis (MD&A) is found immediately following the independent auditor’s report. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The independent audit of the financial statements of the City was part of a broader federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. These reports are available in the Single Audit Section of the CAFR.

Profile of the City

The City of Manassas is a community of approximately 41,705 people located in Northern Virginia within the Washington, D. C. Metropolitan Statistical Area. Surrounded by Prince William County, the City is thirty miles southwest of the nation’s capital and encompasses a land area of ten square miles. The City is predominately residential in character and is an educational and government center with associated industrial, commercial and service activities. The Town of Manassas received its charter in 1873 and operated as a town in Prince William County until May 1, 1975, when it became an independent City of the Commonwealth of Virginia.
The legislative and policy making body of the City is the elected Mayor and a six member City Council, elected at large for staggered four-year terms. The City Council appoints the City Manager who serves as the Chief Administrative Officer. The School Board members are also elected at large for staggered four-year terms. The School Board appoints the Superintendent as the Chief Administrative Officer for the school system. Other elected City officials are the Commissioner of the Revenue and the City Treasurer. Also, elected officials shared with Prince William County are the Commonwealth’s Attorney, Clerk of the Court and Sheriff. The judges of the Circuit Court, General District Court, and the Juvenile and Domestic Relations Courts are appointed by the state legislature.

The City provides the full range of municipal services including public safety (police, fire, and rescue), highway and streets, health and social services, public improvements, planning and zoning, recreation and cultural services, and general administrative services. The City also operates eight proprietary functions: the electric, water and sewer utilities, solid waste collection, a regional airport, a pavilion, a performing arts center, and rental property in Manassas Landing.

The City of Manassas Public Schools (MCPS) is included in this report as a discretely presented component unit. MCPS does not issue its own financial statements; therefore, you will find fund statements for MCPS beginning on page 126. There are no other entities in the report.

The City Council and the School Board adopted a joint resolution in February of 2009 committing to budget planning and revenue sharing. The City transfers 58.5% of its general tax revenues to the Schools annually. Each year both bodies adopt a five-year forecast as required by the joint resolution. When they adopt their annual operating budgets, each will also adopt a Five-Year Capital Improvement Plan consistent with the projected revenues.

The annual operating budget serves as the foundation for the City’s financial planning and control. All departments of the City are required to submit their recommended budgets to the City Manager in January. The City Manager uses these recommendations as the starting point for developing his proposed budget. The City Manager presents his proposed budget to the City Council usually by the end of February. The School Board presents the proposed budget for MCPS to the City Council by April 1. The City Council holds numerous public work sessions on the budget in March and April. Council is required to hold a public hearing and adopt a budget by June 30 for the fiscal year beginning July 1. MCPS budget is appropriated and controlled at the total budget level. The City’s appropriated budget is legally controlled at the fund level. City Council must approve all transfers between funds. Department directors may make transfers of appropriations within a department and the City Manager may transfer between departments within a fund.

Local economy and long-term financial planning

In 2014, the City showed very positive signs of recovery from the recent recession. Former Commissioner of the Revenue, John Grzejka, released the real estate assessments for the 2014 tax year (values as of January 1, 2013) in late January. The average residential assessment increased 5% and the average commercial assessment increased 1.18% for a combined increase of 3.45%. In addition, there was $40,867,700 of new construction in calendar year 2012. The 2013 residential/commercial ratio is 60.5 / 39.5, a small change from the 2012 ratio of 59.5 / 40.5. Other tax revenues continue the growth that began in fiscal year 2011. For fiscal year end (FYE) 2014, revenue from business licenses increased by 5.2%, meals tax revenues grew 7.1%, and other local taxes increased 1.2%, offset by a 2.9% decrease in sales tax revenue. Overall, local taxes were up by 1.1% for the fiscal year. The City’s unemployment rate decreased to 4.8% in 2014 well below the national rate of 6.1% and from a high of 7.7% in 2010 during the recession.
Local economy and long-term financial planning (Continued)

On March 11, 2014, Standard & Poor’s upgraded the City’s AA bond rating to AA+ and assigned a stable outlook. On March 6, 2014, Moody’s affirmed the City’s Aa1 bond rating stating it reflects the city’s satisfactory financial position with adequate reserves, moderately-sized tax base showing signs of recovery following significant declines and above-average socio-economic indicators. In 2009 City Council established a policy requiring a 13 percent unassigned fund balance is maintained. In FYE 2014 as well as in the previous four fiscal years, the City has been in compliance with this policy.

Awards and acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Manassas for its CAFR for the fiscal year ended June 30, 2013. This was the twenty-ninth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current CAFR continues to meet the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City of Manassas also received the GFOA’s Distinguished Budget Presentation Award for its annual budget document dated July 1, 2013. To qualify for the Distinguished Budget Presentation Award, the government’s budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report could not be accomplished without the skill, effort, and dedicated services of the entire staff of the Finance and Administration Department. We would like to express our appreciation to all members of the department and most especially to Stephanie Scherer, Accounting Manager, for her role in preparation of the CAFR. We wish to thank all City departments and the Manassas City Schools for their assistance in providing the data necessary to prepare this report. The Mayor and the members of the City Council are to be commended for their support in strategically planning and managing the fiscal policies of the City.

Respectfully submitted,

William Patrick Pate
City Manager

Independent Auditors’ Report

To the Honorable Members of the City Council
City of Manassas, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Manassas, Virginia, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the Specifications for Audits of Counties, Cities, and Towns, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.
Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Manassas, Virginia, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis and schedule of pension and OPEB funding progress on pages 15-27 and 95 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Manassas, Virginia’s basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.
Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2014 on our consideration of the City of Manassas, Virginia’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Manassas, Virginia’s internal control over financial reporting and compliance.

As described in Note 20 to the financial statements, the City of Manassas, Virginia has discovered items subsequent to the previously issued financial statements. These financial statements have been restated to reflect these corrections which are disclosed in Note 20.

Robinson, Farmer, Cox Associates

Fredericksburg, Virginia
December 15, 2014, except for Note 20, as to which the date is September 23, 2015
This page intentionally left blank
As management of the City of Manassas, Virginia (City), we offer readers of the City’s financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-3 of this report. Throughout this section, information is presented about the City, the primary government. We have also included information about the “Total Reporting Unit”, which is the total of the City and its only component unit, the Manassas City Public Schools (MCPS). Due to the material relationship between the City and MCPS, we believe that Total Reporting Unit information more accurately reflects the financial condition of the City of Manassas.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the Total Reporting Unit exceeded its liabilities and deferred inflows of resources at June 30, 2014 by $427,863,869 (net position). The Total Reporting Unit’s net position invested in capital assets is $340,315,039 and $3,635,677 is restricted in its use. The remaining net position, $83,913,153 is unrestricted.

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows at June 30, 2014 by $372,304,271 (net position). $328,217,480 of the City’s net position is invested in capital assets, $100,000 is restricted in its use, and the remaining balance of $43,986,791 is unrestricted net position. The deficit in unrestricted net position of the Governmental Activities ($3,306,304) is the result of bonds issued by the City for MCPS. This debt is reflected as a liability of the City. However, the schools built with the bond proceeds are the assets of MCPS. At year-end, the City has $34,422,275 of debt outstanding relating to MCPS.

- The unassigned fund balance for the City’s general fund at June 30, 2014 was $12,665,075. This amount is 12.4 percent of total general fund revenues of $102,165,063 for fiscal year 2014. City Council’s policy is to maintain the general fund unassigned fund balance at 13% of general fund revenues excluding payment of lieu of debt services from MCPS of $4,792,911. General fund unassigned fund balance as a percent of general fund revenues as calculated in accordance with the City’s Unassigned Fund Balance Policy R-2009-53 is 13 percent.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City’s basic financial statements. The City’s basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The comprehensive annual financial report (CAFR) also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City’s finances using the economic resources measurement focus and the accrual basis of accounting, in a manner similar to a private-sector business.
OVERVIEW OF THE FINANCIAL STATEMENTS: (CONTINUED)

Government-wide Statements: (Continued)

The statement of net position presents information on all of the City’s assets, liabilities and deferred inflows/outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Additionally, to assess the overall financial health of the City one must also consider non-financial factors such as changes in the City’s property tax base and the condition of the City’s infrastructure.

The statement of activities presents information showing how the government’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, health and welfare, and culture, recreation, and community development. The business-type activities of the City include electric, water and sewer utilities, solid waste collection, a regional airport, a city pavilion, and a performing arts center.

The government-wide financial statements include not only the City (known as the primary government), but also a legally separate school district (MCPS) for which the City is financially accountable. Financial information for the component unit (MCPS) is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 33-35 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** - Most of the City’s basic services are included in governmental funds. These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.
OVERVIEW OF THE FINANCIAL STATEMENTS: (CONTINUED)

Fund Financial Statements: (Continued)

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These funds are reported on the modified accrual basis of accounting, this measures cash and other liquid assets that can be readily converted to cash.

The City maintains seventeen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the major general fund. Data from the other sixteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the annual appropriated budget. The City also adopts annual appropriated budgets for six non-major governmental funds - family services, PEG, Owens Brooke district, fire rescue, Speiden Carper house, and Manassas Landing funds. The budgetary comparison statements for these funds are provided elsewhere in this report.

The basic governmental fund financial statements can be found on pages 38-43 of this report.

Proprietary Funds - The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its electric, water and sewer utilities, solid waste collection, regional airport, city pavilion, and performing arts center.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City’s various functions. The City uses internal service funds to account for its fleet of vehicles, building maintenance, and its information technology systems. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as business-type activities in the government-wide financial statements, only in more detail. Proprietary funds are reported using the full accrual basis of accounting method. The proprietary fund financial statements provide separate information for the electric, water and sewer utilities and regional airport which are considered to be major funds of the City. The other four enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. The internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the four non-major enterprise funds and the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 44-49 of this report.
OVERVIEW OF THE FINANCIAL STATEMENTS: (CONTINUED)

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 51-92 of this report.

Other Information - In addition to the basic financial statements, this report also presents certain required supplementary information. A schedule of funding progress for the City’s defined benefit plan is provided. The combining statements referred to earlier in connection with non-major governmental and enterprise funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 102-124 of this report.

MCPS, the City’s component unit, does not issue separate financial statements. Therefore you will find fund statements for MCPS on pages 126-134 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

An analysis of the City’s financial position begins with a review of the Statement of Net Position and the Statement of Activities. These two statements report the City’s net position and changes therein. It should be noted that the City’s financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations.

Net position of the City’s governmental activities increased $45,471,475 in fiscal year 2014 to $235,299,213. The increase is primarily due to capital asset increases of $23,189,138, $18,079,553, $1,791,008, $1,858,636, and $1,071,976 in infrastructure, land, buildings and improvements, construction in progress, and machinery and equipment, respectively, and due to an increase in cash and investments of $4,486,918 and an increase in restricted cash totaling $2,869,038, offset by decreases in other receivables of $824,912. The overall increase in assets was $52,521,802. There was a net increase in liabilities of $6,910,788, resulting primarily from a $5,222,473 increase in long-term debt and an additional $1,188,294 due to other governments. In March 2014, the City issued $9,643,325 of General Obligation Public Improvement Bonds to fund its governmental activities capital improvement program budget for FY 2014, which is largely responsible for the increase in cash and liabilities. The increase in capital assets was largely a result of the capture and recording of donated infrastructure and land assets totaling $44,270,664 in FY 2014. $11,314,346 of donated infrastructure and land assets from prior years, net of $889,393 accumulated depreciation, is included in restated balances. The increases in total liabilities and total assets were the primary contributors to the increase in total net position that ended the fiscal year at $235,299,213. The unrestricted deficit ended the year at $3,306,304, a 15 percent increase from the previous fiscal year.

The net position of the business-type activities decreased $2,445,219 in fiscal year 2014 to $137,005,058. In March 2014, the City issued $3,881,675 of General Obligation Public Improvement Bonds to fund its business activities capital improvement program budget for FY 2014, which is responsible for the increase in long term liabilities. $10,578,271 of donated investment in plant assets from prior years, net of $3,997,439 of accumulated depreciation, is included in restated balances. Program revenues for the airport, water, and sewer utilities exceeded expenses by $4,698,295 and the business activities transferred $4,679,697 to the governmental activities.

The net position of MCPS has increased $5,009,279. This change was primarily due to increases in restricted cash and investments of $3,535,677 and in construction in progress totaling $3,446,263, offset by reductions in buildings and improvements of $2,817,507.

GOVERNMENT-WIDE FINANCIAL ANALYSIS:  (CONTINUED)

The table below details the governmental activities expenses and program revenues showing the net cost by program/function. The total governmental activities net program/function costs were $61,938,441, a decrease of $34,748,816 over last fiscal year. The decrease is primarily due to revenues from $44,270,664 in donated infrastructure and land assets received in public works, offset by an increase in education. As the table and chart below indicate, education continues to be the City’s largest program with expenses totaling $57,448,414, which includes $6,113,982 of bonds issued in 2014. The education expense in the governmental activities also reflects the City’s local revenue that is appropriated to MCPS. The program revenues of education are recorded in the component unit, MCPS, and therefore are not in the table or chart.

- Interest on long-term debt
GOVERNMENT-WIDE FINANCIAL ANALYSIS: (CONTINUED)

In addition to program revenues of $58,537,444, there are also general revenues in the governmental activities, which are revenues that are not attributed to any specific program/function. The total general revenues in fiscal year 2014 are $102,730,219 for total governmental activities revenues of $161,267,663. General revenues in fiscal year 2014 are $4,657,066 more than fiscal year 2013, due mostly to an increase in property taxes. The chart below indicates that the property taxes continue to be the largest source of revenue for the governmental activities.

Governmental Activities Revenues

The cost of all business-type activities in fiscal year 2014 was $93,852,783. As depicted in the chart below, program revenues of $95,832,934 offset the cost of doing business. The Airport Fund received capital grants of $2,169,489 that are reflected as revenues.

Business-type Activities Expenses and Program Revenues
CITY OF MANASSAS, VIRGINIA

Management’s Discussion and Analysis
(UNAUDITED)
For The Year Ended June 30, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENTS FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting and financial reporting focuses on short-term spendable resources and balances of spendable resources available at year end.

**Governmental Funds**

The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

At the end of fiscal year 2014, the City’s governmental funds reported combined ending fund balances of $34,564,412, an increase of $4,684,464 from fiscal year 2013. The increase is a net of the $4,960,088 increase in non-major funds and a $275,624 reduction in the general fund. The majority of this increase is due to proceeds from the 2014 bond issue which are restricted or committed for capital projects.

The general fund is the main operating fund of the City. At the end of fiscal year 2014, the unassigned fund balance of the general fund was $12,665,075 while total fund balance was $20,488,259. As a measure of the general fund’s liquidity, it may be useful to compare unassigned fund balance to total revenues and expenditures. The unassigned fund balance represents 12.6 percent of total general fund expenditures of $100,737,212, while total fund balance represents 20.3 percent of those expenditures. The unassigned fund balance represents 12.4 percent of total general fund revenues of $102,165,063 for fiscal year 2014. City Council’s policy is to maintain the general fund unassigned fund balance at 13 percent of general fund revenues excluding payment in lieu of debt services from MCPS of $4,792,911. The unassigned fund balance meets the City Council’s policy of 13 percent.

**Proprietary Funds**

The City’s proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The total of net positions at the end of fiscal year 2014 in the Electric, Water, Sewer, Airport, and the non-major funds are $38,210,156; $36,186,739; $22,298,006; $37,798,794; and $2,511,363, respectively. The increase or (decrease) in total net position for the Electric, Water, Sewer, Airport, and the non-major funds are ($4,876,368); $846,564; $717,144; $1,217,022, and ($349,581), respectively. Only 34.5% of the total net positions of these funds are unrestricted in its use. The remaining 65.5% is invested of capital assets, net of related debt. The unrestricted net positions(deficit) at the end of fiscal year 2014 in the Electric, Water, Sewer, Airport, and the non-major funds are $18,075,465; $14,123,262; $14,423,762; ($32,959); and $703,565, respectively. Factors concerning the finances of these funds have already been addressed in the discussion of the City’s business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

In fiscal year 2014, the City’s general fund revenues exceeded the revised revenue budget by $1,643,796. Expenditures ended the year under the revised budget by $398,220. The City has a revenue sharing agreement with MCPS which states that if the City does not receive local tax revenue as budgeted, the City support of education will be reduced. Conversely, if local tax revenues exceed the budget, Schools are to receive 58.5 percent of the excess. As required by the City’s Unassigned Fund Balance Policy R-2009-53, the School’s share of the excess is subject to be used in maintaining an unassigned fund balance of 13 percent as noted in the previous section.
CITY OF MANASSAS, VIRGINIA
Management’s Discussion and Analysis
(UNAUDITED)
For The Year Ended June 30, 2014

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City’s net investment in capital assets for its governmental and business-type activities as of June 30, 2014 is $370,033,938, an increase of $46,105,121 from June 30, 2013. The net increase in the governmental activities assets of $45,990,311 is primarily due to increases in land and infrastructure values, although there are increases in all categories. The increase in capital assets was largely a result of the capture and recording of donated infrastructure and land assets totaling $44,270,664. The net increase of $114,810 in the business-type capital assets is due primarily to increased investment in plant values partially offset by declines in the categories of construction in progress, buildings and improvements, and purchased capacity.

The following tables summarize the capital assets of the City and MCPS. Additional information on the capital assets is found in Note 5 on pages 62-64 of this report.

</table>

The City’s total debt of $91,122,649 is a net increase of $7,451,381. This was due primarily to the issuance of General Obligation Public Improvement Bonds in March 2014 totaling $13,525,000, offset by general obligation bond principal payments of $6,407,318 in fiscal year 2014. Capital leases were reduced by principal payments while the OPEB obligation payable increased by $237,308. The net decrease to the MCPS total debt is $212,526, which is primarily the net result of a $152,410 decrease in the outstanding capital leases and a decrease of $118,000 to the OPEB obligation.

On March 11, 2014, Standard & Poor’s upgraded the City’s AA bond rating to AA+ and assigned a stable outlook. On March 6, 2014, Moody’s affirmed the City’s Aa1 bond rating stating it reflects the City’s satisfactory financial position with adequate reserves, moderately-sized tax base showing signs of recovery following significant declines and above-average socio-economic indicators. This reflects the City’s improved solid financial position and prudent fiscal management.

The Code of the Commonwealth of Virginia, as amended, (Virginia Code) limits the amount of general obligation debt the City may issue to 10 percent of the assessed valuation of the real estate subject to taxation. The assessed valuation of the real estate subject to taxation in the City as of January 1, 2013 was $4,105,113,800, making the 2014 legal debt limitation of the City $410,511,380. The City’s general obligation debt applicable to the limit is $80,326,018, leaving a legal debt margin of $330,185,362. Additional information on the City’s long-term debt can be found in Note 10 on pages 67-70 of this report.
ECONOMIC FACTORS AND NEXT YEAR’S BUDGET

- The unemployment rate for the City as of June 2014 was 4.8 percent, which is below the state rate (5.4 percent) and the national rate (6.1 percent).

- Real property taxable assessed values increased 4.9 percent in January 2013 (used for fiscal year 2014 tax levies) to $4,105,113,800, up by $192,608,500 over the previous calendar year. Real property taxable assessed values increased 7.9 percent in January 2014 (to be used for fiscal year 2015 tax levies) to $4,427,664,700, up by $322,550,900 over the previous calendar year. The City is projecting assessed values to continue increasing marginally in 2015 and has taken this factor into consideration in the projection of the FY2014-2015 Budget and the development of the FY2015-2016 Budget which is currently underway.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance and Administration Director, 9027 Center Street, City of Manassas, Virginia, 20110. General information relating to the City of Manassas is available on the City’s website http://www.manassascity.org.

A. The sum of the columns does not equal the Total Reporting Unit column by a difference of $34,422,275 because the debt related to the Component Unit Manassas City Public Schools (MCPS) is reflected in the primary government’s Governmental Activities column reducing unrestricted net position. The assets are reflected in the Component Unit column as net investment in capital assets. The Total Reporting Unit column matches the assets with the debt and reports the net amount of the net investment in capital assets.

**Deferred inflows of resources**

| Unavailable revenue - property tax | $1,473,421 | $127,775 | 1,601,196 |

**Fund balances:**

**Nonspendable:**
- Long term advances to other funds: 395,877
- Permanent fund principal: - 100,000

**Restricted:**
- Communication systems: - 456,334
- Road maintenance: - 124,460
- Fire rescue system: - 2,096,154
- Museum system: - 1,365,364
- Bond proceeds for capital projects: - 2,769,038
- Cemetery maintenance: - 156,607
- Proffers and developer contributions for capital projects: 2,448,897

**Committed:**
- Social services programs: - 56,653
- Museum system: - 11,514
- Economic development: 657,000 251,934 908,934
- Capital projects: - 6,692,577
- Capital Reserve Fund: 2,518,149 - 2,518,149
- OPEB liability: 918,000 - 918,000
- General government: 885,261 - 885,261
- Unassigned: 12,665,075 (4,482) 12,660,593

**Total fund balances:**
- 20,488,259 14,076,153 34,564,412

**Total liabilities, deferred inflows of resources and fund balances:**
- $29,078,154 $16,114,528 $45,192,682

The notes to the financial statements are an integral part of this statement.
Total fund balances for governmental funds  $ 34,564,412

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

- **Land**  $ 111,361,675
- **Construction in progress**  8,071,929
- **Buildings and improvements, net of accumulated depreciation**  9,276,364
- **Infrastructure, net of accumulated depreciation**  122,576,131
- **Machinery and equipment, net of accumulated depreciation**  1,990,005

  Total capital assets  253,276,104

Some of the City's property and other taxes will be collected after year-end, but are not available soon enough to pay for the current year's expenditures, and therefore are reported as unavailable revenue in the funds  1,601,196

Internal service funds are used by management to charge costs of information technology and equipment to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

Assets:

- **Current assets**  $ 4,983,001
- **Capital assets**  10,362,367
- **Less accumulated depreciation**  (8,394,964)
- **Liabilities**  (653,490)  6,296,914

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Balances of long-term liabilities affecting net position are as follows:

- **Accrued interest payable**  $ (1,014,192)
- **Deferred charge on refunding**  1,255,846
- **Bonds payable**  (52,403,935)
- **Premium on long-term debt, net of accumulated amortization**  (2,379,240)
- **Claims payable**  (170,416)
- **Capital lease**  (286,819)  (54,998,756)

- **Compensated absences (not reported as fund liabilities)**  (2,232,864)
- **Net OPEB obligation (not reported as fund liabilities)**  (3,207,793)

  Total net position of governmental activities  $ 235,299,213

The accompanying notes to financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.
Net change in fund balances · total governmental funds (Exhibit D) $ 4,684,464

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Capital outlays</td>
<td>$ 7,355,399</td>
</tr>
<tr>
<td>Depreciation</td>
<td>$(6,099,399) 1,256,000</td>
</tr>
</tbody>
</table>

Donations of capital assets received during the period 44,270,664

Under the modified accrual basis of accounting used in the governmental funds, revenues are recorded when measurable and realizable to pay current obligations. However, in the statement of net position revenues are reported when earned. This requires adjustments to convert the revenues to the accrual basis.

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bond proceeds</td>
<td>$(10,106,412)</td>
</tr>
<tr>
<td>Amortization of premium on long-term debt</td>

</tr>
<tr>
<td>Amortization of deferred amount on refunding</td>
<td>$(139,539)</td>
</tr>
<tr>
<td>Repayments of long-term debt:</td>
<td></td>
</tr>
<tr>
<td>General obligation bonds</td>
<td>4,574,210</td>
</tr>
<tr>
<td>Capital leases</td>
<td>372,774  $(5,178,996)</td>
</tr>
</tbody>
</table>

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This adjustment combines the net changes of the following:

<table>
<thead>
<tr>

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Financial Reporting Entity

The City of Manassas, Virginia (the City) is a municipal corporation governed by an elected mayor and six-member council. The City Council appoints a City Manager who is the City’s chief administrative officer and executes the Council’s policies and programs. The accompanying financial statements present the City and its component unit, the entity for which the City is considered to be financially accountable.

The City’s only discretely presented component unit, the Manassas City Public Schools (MCPS), is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City. MCPS is responsible for elementary and secondary education within the City. MCPS is governed by an elected seven-member School Board. The City is financially accountable for MCPS because the City Council approves MCPS’s budget, levies taxes to support MCPS’s budget and issues debt for MCPS. MCPS has a June 30 year end and does not issue separate financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government (the City) and its component unit (MCPS). For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The primary government is reported separately from the legally separate component unit.

The sum of the Total Primary Government and the Component Unit Manassas City Public Schools columns on the statement of net position does not equal the Total Reporting Unit column because the debt related to MCPS is reflected in the primary government’s Governmental Activities column reducing unrestricted net position. The assets are reflected in the Component Unit Manassas City Public Schools column as net investment in capital assets. The Total Reporting Unit column matches the assets with the debt and reports the net amount in Net investment in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.
NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available to be used to pay liabilities of the current period if they are collectible within the current period or soon enough thereafter. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current period. Property taxes, sales taxes, other local taxes, and intergovernmental revenue are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenues from the use of money and property and from intergovernmental grants are recorded as earned regardless of when collected. The legal and contractual requirements of the individual programs are used as guidance in determining revenue recognition. All other revenue items are considered to be measurable and available only when cash is received by the City. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The City reports the general fund as the only major governmental fund. The general fund is the City’s primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major enterprise funds:

The electric, water, and sewer funds account for the activities of these utilities. The airport fund accounts for the activities of the Manassas Regional Airport.

Additionally, the City reports the following fund type:

Internal service funds account for vehicle maintenance, building maintenance, and information technology services provided to other departments of the City on a cost reimbursement basis.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City’s enterprise funds and various other functions of the government. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers for goods or services, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.
NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the electric, water, sewer and airport funds are the charges to customers for sales and services. Operating expenses of enterprise funds and internal service funds include costs of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash, Cash Equivalents and Investments

The City considers all highly liquid investments with purchase maturities of three months or less to be cash and cash equivalents. Restricted cash and temporary cash investments for all funds and its component unit are maintained in a single pooled account, except for those investments required to be maintained in separate accounts in order to comply with legal restrictions.

Investments are reported at fair value, except for money market investments that have a remaining maturity at the time of purchase of one year or less. These investments are reported at amortized cost which approximates fair value.

Interest earned is allocated to the respective funds, based on each fund’s equity in the pooled account, except when the interest earnings are restricted. $4,103 of interest earned on invested bond proceeds was allocated to the general fund. Because the use of these earnings is restricted, they are held in the general fund until budgeted and appropriated for an allowable use.

E. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal years are referred to as “advances to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds, as reported in the fund financial statements, are offset by a fund balance restricted account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property receivables are shown net of allowance for uncollectible. The City’s allowance for uncollectible accounts is based upon historical data.
E. Receivables and Payables: (Continued)

Property values are assessed as of January 1 by the Commissioner of the Revenue and are based on 100% of fair market value. Property taxes become a lien on this date. The real estate tax levy is divided into two billings: the first billing is due June 5 and the second billing is due December 5. The machinery and tools personal property tax levy is due September 5. All other personal property tax levies are due October 5. The City Code of Ordinances requires the Treasurer to give notice to all taxpayers at least two weeks prior to the due dates. This is done in the form of billings mailed to taxpayers approximately six weeks prior to the due dates listed above. All billings are considered past due the day after the due date, at which time penalties and interest are assessed. The City has a legally enforceable claim to real estate taxes and personal property taxes upon assessment.

F. Inventories and Prepaid Items

Inventories of the enterprise funds are valued at cost using the first-in/first-out (FIFO) method. The cost is recorded as an expense at the time the individual inventory items are consumed. Inventories at June 30, 2014 of the governmental fund types and the internal service funds are not material and are recognized as expenditures/expenses when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. There are no prepaid items in the current fiscal year.

G. Capital Assets

Capital assets, which include property, plant, equipment, intangibles, and infrastructure (i.e., roads, bridges, storm water management structures, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City and MCPS as assets with an initial, individual cost of more than $5,000 and an estimated useful life of more than one year. Such assets are recorded at cost where historical records are available and at an estimated historical cost where no historical cost records exist. Donated capital assets are valued at their estimated fair market value on the date received. Assets recorded under capital lease agreements are recorded at lower of fair value or net present value of future minimum lease payments on the date of lease inception.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Interest incurred during the construction phase of capital assets of business-type activities is included in the capitalized value of the assets constructed. There was no interest incurred on construction projects in the current fiscal year.
NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

G. Capital Assets: (Continued)

Both the City and MCPS depreciate capital assets using the straight-line method over the following estimated useful lives:

<table>

</tbody>
</table>

H. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

I. Compensated Absences

It is the policy of the City and MCPS to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay benefits and the portion of sick pay benefits which are paid to employees when they separate from service with the City and MCPS are accrued when incurred in the government-wide and proprietary fund financial statements.
NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

J. Long-term Obligations

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

K. Fund Equity

The City and MCPS report fund balance in accordance with GASB Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions” (GASB 54). GASB 54 provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

In the fund financial statements, governmental funds report five classifications of fund balances. The classifications and a description of each follow.

- Nonspendable - amounts not in a spendable format (inventory and prepaid) or are required to be maintained intact (corpus of a permanent fund)
- Restricted - amounts constrained to specific purposes by their providers (grantors, bondholders) through constitutional provisions, or by enabling legislation
- Committed - amounts constrained to specific purposes by a government itself, using its highest level of decision making authority; to be reported as committed, amounts can not be used for any other purpose unless the government takes the same highest level action to remove or change the constraint
- Assigned - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority
- Unassigned - amounts that are available for any purpose; positive amounts are only reported in the general fund

When fund balance resources are available for a specific purpose in more than one classification, it is the City's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed. The City Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). With adoption of its fund balance policy, the City Council formalized their decision not to assign fund balances or grant that authority to any individual. In the general fund, the City strives to maintain an unassigned fund balance to be used for unanticipated emergencies of approximately 13% of the actual GAAP basis operating revenues less payment in lieu of debt service from MCPS.
L. **Net Position**

Net position is the difference between a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

M. **Net Position Flow Assumption**

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City’s policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

N. **Encumbrances**

Encumbrance accounting, the recording of commitments resulting from approved purchase orders and contracts, is employed by the City for its governmental fund types. Encumbrances outstanding at fiscal year-end lapse and are re-appropriated and re-encumbered in the next fiscal year as an amendment to the adopted budget. The City’s material encumbrances are for capital projects and are disclosed in Note 10 C Construction commitments.

O. **Restricted Assets**

Restricted assets are liquid assets which have limitations on their use. Unspent amounts from the issuance of general obligation bonds are reported as restricted cash and investments in the City’s governmental and enterprise funds.

P. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. For the year ended June 30, 2014, the general fund estimated uncollectible taxes receivable in the amount of $445,516. The electric, water, sewer, and solid waste funds estimated uncollectible accounts receivable in the amounts of $42,045, $6,203, $11,632, and $1,668 respectively. Accordingly, actual results could differ from these estimates.
NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Q. Governmental Fund Types

The City and MCPS reports fund balance in accordance with GASB Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions” (GASB 54). GASB 54 provides comprehensive definitions of the governmental fund types. The City’s general fund is used to account for and report all financial resources not accounted for and reported in any other fund. Special revenue funds account for and report financial resources that are restricted or committed to expenditures for a specific purpose. The City has ten special revenue funds. Capital projects funds account for and report financial resources that are restricted or committed to expenditures for capital outlays. The City has four capital projects funds. Permanent funds account for and report resources that are restricted such that only earnings may be used for the intended purpose. The City has one permanent fund.

NOTE 2—STEWARDSHIP, COMPLIANCE, and ACCOUNTABILITY:

A. Budgetary Information

The City Council adopts and appropriates annual budgets for the following governmental funds: general fund, family services, Owens Brooke district, fire and rescue, Liberia house and Speiden Carper house funds. The City Council also adopts and appropriates an annual budget for MCPS. These annual budgets are adopted on a basis consistent with generally accepted accounting principles; modified accrual basis of accounting.

On or before April 1 of each year, the City Manager and the School Board of MCPS submit to the City Council proposed operating budgets for the fiscal year commencing July 1. The operating budgets include proposed expenditures and estimated revenues. After numerous Council work sessions and a public hearing, the budgets are adopted and appropriated through passage of an ordinance prior to June 30.

The City’s appropriated budget is prepared by fund and department. Appropriations are legally controlled at the fund level. The City Council must approve all transfers between funds. The budget is administratively controlled at the department level. The City Manager may approve transfers between departments within a fund. The City’s department heads may transfer budgeted appropriations within a department within a fund. The City Council approved supplemental appropriations in the general fund totaling $4,640,647 in fiscal year 2014, which included $367,745 of outstanding encumbrances at June 30, 2013. Appropriations to MCPS are legally controlled at the total appropriation level.
NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY: (CONTINUED)

B. Deficit Fund Equity

The museum publishing fund had a deficit fund balance in the amount of $4,482 as of June 30, 2014. The museum publishing fund accounts for the publishing and sale of printed material related to the history of the area. In fiscal year 2010 a book was published at a cost of $35,000. This fund may continue to carry a negative fund balance until revenue from the sale of this book offsets the cost of publishing the book.

NOTE 3—DEPOSITS AND INVESTMENTS:

Deposits and Investments

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of the excess deposits. Accordingly, all deposits are considered fully collateralized.

The City maintains an investment policy which establishes guidelines for safeguarding and efficient management of City funds and for the purchase and sale of investment instruments. The goal is to minimize risk and to ensure the availability of cash to meet the City’s expenditures, while generating revenue from the use of funds which might otherwise remain idle. The City’s policy applies to all financial assets under the authority of the Treasurer.

The primary objectives of the Treasurer’s investment activities, in priority order, are safety, liquidity, and yield. Safety of principal is the foremost objective of the investment of public funds. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The investment portfolio shall remain sufficiently liquid to meet all operational requirements that may be reasonably anticipated. The investment portfolio shall be designed with the objective of attaining a market rate of return throughout the budgetary year and economic cycles, taking into account the investment risk constraints and liquidity. All investments shall be in compliance at all times with provisions in the Code of Virginia. Deposits will be secured in accordance with the Virginia Security for Public Deposits Act, as per the Code of Virginia.

Interest Rate Risk - In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting the investment maturity or duration of its investment portfolio to less than five years.

Credit Risk - The City has no investment policy that would further limit its investment choices. The City pre-qualifies all banks, financial institutions, and other depositories and ensures that they demonstrate an acceptable level of financial stability both before receiving or managing the City’s funds and periodically thereafter. As of June 30, 2014, the City’s investment in the Local Government Investment Pool and the Virginia State Non-Arbitrage Program were rated AAAm by Standard & Poor’s. All of the City’s investments in U.S. agencies carry the explicit guarantee of the U.S. government.
NOTE 3—DEPOSITS AND INVESTMENTS: (CONTINUED)

Deposits and Investments: (Continued)

Concentration of Credit Risk - The City places no limit on the amount the City may invest in any one issuer. Eighty-three percent (82.7%) of the City’s investments are in the Local Government Investment Pool.

Custodial Credit Risk - For deposits, custodial credit risk is the risk that in the event of a failure of a depository financial institution, the City may not recover its deposits. All of the bank balances were covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (the Act), Section 2.2-4400 et.seq. of the Code of Virginia.

For investments, custodial credit risk is the risk that, in the event of the failure of a counter party, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Per City policy, the Treasurer’s designated custodian shall hold all securities purchased by the City. The securities must be in the City’s name and identifiable on the custodian’s books as belonging to the City. The custodian must be a third party.

As of June 30, 2014, the reporting unit had the following deposits and investments:

| Parking Garage                    | 2,766       |
| Total depreciation expense - business-type activities | $ 7,702,210 |

The City purchased water rights from Prince William County Service Authority in 1998 and 2002 totaling $9,553,340. Purchased water capacity is recognized as an asset and is amortized in the water fund over 20 years. Amortization expense in the water fund in the current fiscal year totaled $536,373.
NOTE 5—CAPITAL ASSETS: (CONTINUED)

The cost to the City in 1990 of its initial share of the Upper Occoquan Sewage Authority (UOSA) was $597,051. This cost is recognized as purchased sewer treatment capacity. In December 2007, the city purchased from Fairfax County an additional one (1) million gallons per day (MGD) of UOSA sewer treatment capacity for $17,002,658. The purchased sewer treatment capacity is recognized as an asset and is amortized over 20 years. Amortization expense in the sewer fund in the current fiscal year totaled $850,133.

NOTE 6—INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS:

The interfund balances as of June 30, 2014 are as follows:

<table>
<thead>
<tr>
<th>Receivable Fund</th>
<th>Payable Fund</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Museum Publishing</td>
<td>Museum Publishing</td>
<td>$ 4,482</td>
</tr>
<tr>
<td>General Transportation Capital Projects Fund</td>
<td>(1,052)</td>
<td></td>
</tr>
<tr>
<td>General Parking Garage</td>
<td>Parking Garage</td>
<td>447</td>
</tr>
<tr>
<td>General Airport</td>
<td>Airport</td>
<td>392,000</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>$395,877</td>
</tr>
</tbody>
</table>

In 2008, the general fund lent the airport fund $1,960,000 to purchase property for airport expansion projects. The Airport fund has made payments to bring the balance to the amount in the table. The interfund loans from the general fund to the Parking Garage Fund, Transportation Capital Projects Fund and Museum Publishing Fund are all short term obligations at June 30, 2014.

The primary purpose of inter-fund transfers is to provide funding for operations and capital projects. The inter-fund transfers for the fiscal year 2014 are as follows:

<table>
<thead>
<tr>
<th>Transfers out</th>

NOTE 8—UNAVAILABLE AND UNEARNED REVENUES:

In the fund financial statements, governmental funds report unavailable/unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At June 30, 2014, the unearned/unavailable revenues reported on the fund financial statements for the governmental funds are as follows:

<table>
<thead>
<tr>
<th>Unavailable/Unearned Revenue</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>General fund</td>
<td></td>
</tr>
<tr>
<td>Property taxes receivable</td>
<td>$ 1,473,421</td>
</tr>
<tr>
<td>Vehicle license taxes, bank franchise taxes receivable, and other items</td>
<td>383,521</td>
</tr>
<tr>
<td>Nonmajor governmental funds</td>
<td></td>
</tr>
<tr>
<td>Property taxes receivable</td>
<td>$ 127,775</td>
</tr>
<tr>
<td>Total</td>
<td>$ 1,984,717</td>
</tr>
</tbody>
</table>
NOTE 8—UNAVAILABLE AND UNEARNED REVENUES: (CONTINUED)

On the statement of net position, unearned revenues are liabilities for assets which have been received but for which the revenue has not yet been earned. The balances of unearned revenues at June 30, 2014 on the statement of net position for governmental and business-type activities are as follows:

<table>
<thead>
<tr>
<th></th>
<th>Governmental Activities</th>
<th>Business-type Activities</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Fund</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Vehicle License. Bank Franchise Taxes, and Other items</td>
<td>$383,521</td>
<td>-</td>
</tr>
<tr>

<td>-</td>
<td>1,650</td>
</tr>
<tr>
<td>Water capacity sold to Prince William County Service Authority</td>
<td>-</td>
<td>1,514,683</td>
</tr>
<tr>
<td>Water capacity sold to City of Manassas Park</td>
<td>-</td>
<td>967,316</td>
</tr>
<tr>
<td>Sewer fund</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Prepaid connection fees</td>
<td>-</td>
<td>8,050</td>
</tr>
<tr>
<td>Airport Fund</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Leases and rentals</td>
<td>-</td>
<td>172,972</td>
</tr>
<tr>
<td>Total unearned revenues</td>
<td>$383,521</td>
<td>$2,664,671</td>
</tr>
</tbody>
</table>

The Prince William County Service Authority purchased five (5) million gallons per day (MGD) of water capacity from the City from 1997 through 2002 for the total amount of $7,498,260. In February 2001, the City of Manassas Park purchased one (1) MGD of water capacity from the City for $3,750,000. In June 2014, the City bought back 0.2 MGD of water capacity from Manassas Park for the unamortized cost of $265,625. The City recognizes the sale of water capacity as unearned revenue which is amortized in the water fund over 20 years.

NOTE 9—LEASES:

A. Operating

The City has various leases for real estate and equipment with non-cancelable lease terms. Total rental expense under operating leases of the primary government for the year ended June 30, 2014 was $343,709. The future minimum lease payments for these leases are as follows:

<table>
<thead>
<tr>
<th>Fiscal year Ending June 30</th>
<th>Governmental Activities</th>
</tr>
</thead>
<tbody>
<tr>
<td>2015</td>
<td>$363,404</td>
</tr>
<tr>
<td>2016</td>
<td>340,869</td>
</tr>
<tr>
<td>2017</td>
<td>353,196</td>
</tr>
<tr>
<td>2018</td>
<td>366,070</td>
</tr>
<tr>
<td>2019</td>
<td>379,522</td>
</tr>
<tr>
<td>2020-2025</td>
<td>1,916,081</td>
</tr>
<tr>
<td>Total minimum lease payments</td>
<td>$3,719,142</td>
</tr>
</tbody>
</table>
B. Capital

Capital leases for the City and MCPS expire at various dates through 2017. All leases are non-cancelable; however, they are contingent upon the City Council appropriating funds for each year's payments.

The assets acquired through capital leases are as follows:

<table>
<thead>
<tr>
<th>Assets</th>
<th>Governmental Activities</th>
<th>MCPS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Animal Shelter</td>
<td>$ 3,079,522</td>
<td>-</td>
</tr>
<tr>
<td>Street Sweeper</td>
<td>155,000</td>
<td>-</td>
</tr>
<tr>
<td>Defibrillators</td>
<td>196,568</td>
<td>-</td>
</tr>
<tr>
<td>Telephone System</td>
<td>-</td>
<td>1,110,719</td>
</tr>
<tr>
<td>Less: Accumulated depreciation</td>
<td>(1,649,388)</td>
<td>(369,348)</td>
</tr>
<tr>
<td>Total</td>
<td>$ 1,781,702</td>
<td>$ 741,371</td>
</tr>
</tbody>
</table>

The following is a schedule of future minimum lease payments for capital leases at June 30, 2014:

<table>
<thead>
<tr>
<th>Fiscal year Ending June 30</th>
<th>Governmental Activities</th>
<th>MCPS</th>
</tr>
</thead>
<tbody>
<tr>
<td>2015</td>

<td>$ 198,996</td>
</tr>
</tbody>
</table>

NOTE 10—LONG-TERM OBLIGATIONS:

A. City Debt and Related Interest to Maturity

The City issues general obligation bonds to provide funds for acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. All outstanding bonds are serial bonds. All authorized debt has been issued. There is no overlapping debt for the City. General obligation bonds outstanding as of June 30, 2014, are summarized on the next page.
### NOTE 10—LONG-TERM OBLIGATIONS: (CONTINUED)

NOTE 10—LONG-TERM OBLIGATIONS: (CONTINUED)

B. Changes in Long-Term Liabilities: (Continued)

The General Fund is used to liquidate compensated absences and the Net OPEB obligation for the City’s governmental activities and the School Fund is used to liquidate the MCPS compensated absences and Net OPEB obligation. The enterprise funds are used to liquidate the compensated absences and OPEB of those operations.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end $239,490 of compensated absences is included in the above amounts. For the governmental activities, compensated absences are generally liquidated by the general fund.

C. Construction Commitments

The City has active construction projects as of June 30, 2014. The projects include the widening and construction of existing streets, city hall, police facility improvements and electric, water, sewer, and airport projects. At year end, the City’s commitments with contractors are as follows:

<table>
<thead>
<tr>
<th>Project</th>
<th>Spent-to-date</th>

</tr>
</tbody>
</table>

The Radio Replacement project is a significant project in the general capital projects fund. This project is funded with general fund revenues. Projects in the water, sewer and electric funds are financed by those funds. State and Federal grants are the primary funding source for the airport fund projects.

D. Defeasance of Long-Term Debt

In prior years, the City defeased Series 1994A, 1995, 1996A, 1997A, 1999, 2002, and 2004 of General Obligation Bonds by placing the net proceeds from the issuance of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City’s financial statements.
NOTE 11—RISK MANAGEMENT:

The City is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has obtained public liability insurance with a maximum coverage of $11,000,000. Employee-related health benefits, unemployment, workman’s compensation, and property are also covered by commercial insurance arrangements. The City has not had a significant reduction in insurance coverage and settlements have not exceeded insurance coverage in the past four fiscal years.

NOTE 12—JOINT VENTURES:

A. Upper Occoquan Sewage Authority

The Upper Occoquan Sewage Authority (UOSA) was created under the provisions of the Virginia Water and Sewer Authorities Act to be the single regional entity to construct, finance, and operates the regional sewage treatment facility. UOSA is a joint venture formed on March 3, 1971 by a concurrent resolution of the governing bodies of Fairfax and Prince William Counties and the Cities of Manassas and Manassas Park. The governing body of UOSA is an eight-person Board of Directors consisting of two members appointed to four-year terms by the governing body of each participating jurisdiction. In turn, the UOSA Board adopts an annual operating budget based on projected sewage flows.

Each jurisdiction has a percentage share of UOSA’s capacity. The City does not recognize an investment in UOSA because the participants do not have an equity interest. Each jurisdiction’s percentage share of UOSA’s capacity as of June 30, 2014 is as follows:

<table>
<thead>
<tr>
<th>Jurisdiction</th>
<th>Percentage of total allocated capacity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fairfax County</td>
<td>51.11%</td>

</tr>
<tr>
<td></td>
<td><strong>100.00%</strong></td>
</tr>
</tbody>
</table>
NOTE 12—JOINT VENTURES: (CONTINUED)

A. Upper Occoquan Sewage Authority

UOSA’s current operating costs and annual debt service is funded by each of the participants based on their allocated capacity with certain modifications. UOSA currently has eleven Sewage System Revenue Bond issues outstanding: one issued in 1995, one issued in 2003, one issued in 2004, two issued in 2007, two issued in 2010, two issued in 2011, and two issued in 2013. The sewer enterprise fund is funding 100 percent of the City’s share of the debt issues. As of June 30, 2014, the City’s committed share of UOSA’s remaining debt service (including interest) is as follows:

<table>
<thead>
<tr>
<th>Fiscal year Ending June 30</th>

</tbody>
</table>

The sewer fund made payments in fiscal year 2014 for its share of UOSA’s operating costs and debt service costs of $5,935,168 and $2,604,615, respectively. The sewer fund capitalizes its share of UOSA’s construction costs as purchased capacity. These costs are amortized over 20 years, the estimated useful life of the system constructed. No construction costs were paid or capitalized in 2014.

Information regarding UOSA is provided in UOSA’s separate, published, financial statements which are available to the general public from its offices at 14631 Compton Road, Centreville, Virginia 20121.

B. Potomac and Rappahannock Transportation Commission

The Potomac and Rappahannock Transportation Commission (PRTC) was June 19, 1986, to account for a 2.1% fuel tax authorized by the Commonwealth of Virginia. The PRTC, a joint venture with the contiguous jurisdictions of Prince William and Stafford Counties and the Cities of Manassas, Manassas Park and Fredericksburg, was established to improve transportation systems composed of transit facilities, public highways, and other modes of transport. While each jurisdiction effectively controls PRTC’s use of motor fuel tax proceeds from that jurisdiction, they do not have an explicit measurable equity interest in PRTC.
NOTE 12—JOINT VENTURES: (CONTINUED)

B. Potomac and Rappahannock Transportation Commission: (Continued)

The governing body of each member jurisdiction appoints, from among its members, its representatives to act as Commissioners. The Commission has 16 members and one ex-officio representative from the Virginia Department of Rail and Public Transportation. The composition of the Commission is as follows:

<table>
<thead>
<tr>
<th>Jurisdiction</th>
<th>Number of Members</th>
<th>Percent of membership</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prince William County</td>
<td>6</td>
<td>35.29%</td>

</tr>
</tbody>
</table>

Each Commission member, including the Virginia Department of Rail and Public Transportation representative, is entitled to one vote in all matters requiring action by the Commission. A majority vote of the Commission members present and voting and a majority of the jurisdictions represented is required to act. For purposes of determining the number of jurisdictions present, Virginia Department of Rail and Public Transportation is not counted as a separate jurisdiction.

Information regarding PRTC is provided in PRTC’s separate, published, financial statements which are available to the general public from its offices at 14700 Potomac Mills Road, Woodbridge, Virginia 22192.

NOTE 13—CONTINGENT LIABILITIES:

The City receives financial assistance from numerous Federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. In the opinion of management, no material refund will be required as a result of expenditures disallowed, if any, by grantor agencies.

The City is contingently liable with respect to lawsuits and other claims which arise in the ordinary course of its operation. Although the outcome of these matters is not presently determinable, in the opinion of management of the City and the City attorneys, the resolution of these matters will not have a material, adverse effect on the City’s financial condition.
NOTE 14—PENSION PLAN:

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Pension Plan
Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent (professional) employees of public school divisions and employees of participating employers are automatically covered by VRS upon employment. Members earn one month of service credit for each month they are employed and they and their employer are paying contributions to VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as service credit in their plan.

Within the VRS Plan, the System administers three different benefit plans for local government employees—Plan 1, Plan 2, and, Hybrid. Each plan has different eligibility and benefit structures as set out below:

VRS – PLAN 1

1. Plan Overview - VRS Plan 1 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for VRS Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.

2. Eligible Members - Employees are in VRS Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.

3. Hybrid Opt-In Election - VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan’s effective date for eligible VRS Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under VRS Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 1 or ORP.

4. Retirement Contributions - Members contribute up to 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some school divisions and political subdivisions elected to phase in the required 5% member contribution; all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.
A. Plan Description (Continued)

5. **Creditable Service** - Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member’s total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

6. **Vesting** - Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.

Members are always 100% vested in the contributions that they make.

7. **Calculating the Benefit** - The Basic Benefit is calculated based on a formula using the member’s average final compensation, a retirement multiplier and total service credit at retirement. It is one of the benefit payout options available to a member at retirement.

An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.

8. **Average Final Compensation** - A member’s average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.

9. **Service Retirement Multiplier** - The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.7%. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.7% or 1.85% as elected by the employer.

10. **Normal Retirement Age** - Age 65.

11. **Earliest Unreduced Retirement Eligibility** - Members who are not in hazardous duty positions are eligible for an unreduced retirement benefit at age 65 with at least five years (60 months) of creditable service or at age 50 with at least 30 years of creditable service.

Hazardous duty members are eligible for an unreduced retirement benefit at age 60 with at least five years of creditable service or age 50 with at least 25 years of creditable service.

12. **Earliest Reduced Retirement Eligibility** - Members may retire with a reduced benefit as early as age 55 with at least five years (60 months) of creditable service or age 50 with at least 10 years of creditable service.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description (Continued)

VRS – PLAN 1 (CONTINUED)

13. Cost-of-Living Adjustment (COLA) in Retirement - The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

14. Eligibility - For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of creditable service, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of creditable service, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

15. Exceptions to COLA Effective Dates - The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member retires directly from short-term or long-term disability under the Virginia Sickness and Disability Program (VSDP).
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
- The member dies in service and the member’s survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

16. Disability Coverage - Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.7% on all service, regardless of when it was earned, purchased or granted.

Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description: (Continued)

17. Purchase of Prior Service - Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. When buying service, members must purchase their most recent period of service first. Members also may be eligible to purchase periods of leave without pay.

VRS – PLAN 2

1. Plan Overview - VRS Plan 2 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for VRS Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.

2. Eligible Members - Employees are in VRS Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.

3. Hybrid Opt-In Election - VRS Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan’s effective date for eligible VRS Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under VRS Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 2 or ORP.

4. Retirement Contributions - Same as VRS Plan 1—Refer to Section 4.

5. Creditable Service - Same as VRS Plan 1—Refer to Section 5.

6. Vesting - Same as VRS Plan 1—Refer to Section 6.

7. Calculating the Benefit - Same as VRS Plan 1—Refer to Section 7.

8. Average Final Compensation - A member’s average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description: (Continued)

9. Service Retirement Multiplier - Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. For non-hazardous duty members the retirement multiplier is 1.65% for creditable service earned, purchased or granted on or after January 1, 2013.

11. Earliest Unreduced Retirement Eligibility - Members who are not in hazardous duty positions are eligible for an unreduced retirement benefit when they reach normal Social Security retirement age and have at least five years (60 months) of creditable service or when their age and service equal 90.

Hazardous duty members are eligible for an unreduced retirement benefit at age 60 with at least five years of creditable service or age 50 with at least 25 years of creditable service.

12. Earliest Reduced Retirement Eligibility - Members may retire with a reduced benefit as early as age 60 with at least five years (60 months) of creditable service.

13. Cost-of-Living Adjustment (COLA) in Retirement - The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.

14. Eligibility - Same as VRS Plan 1—Refer to Section 14.

15. Exceptions to COLA Effective Dates - Same as VRS Plan 1—Refer to Section 15.

16. Disability Coverage - Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.

Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

17. Purchase of Prior Service - Same as VRS Plan 1—Refer to Section 17.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description: (Continued)

HYBRID RETIREMENT PLAN

1. Plan Overview - The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as VRS Plan 1 and VRS Plan 2 members who were eligible and opted into the plan during a special election window. (See “Eligible Members”)

   - The defined benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula.
   - The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.
   - In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

2. Eligible Members - Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

   - State employees*
   - School division employees
   - Political subdivision employees*
   - Judges appointed or elected to an original term on or after January 1, 2014
   - Members in VRS Plan 1 or VRS Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan’s effective date for opt-in members was July 1, 2014

3. Non-Eligible Members - Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

   - Members of the State Police Officers’ Retirement System (SPORS)
   - Members of the Virginia Law Officers’ Retirement System (VaLORS)
   - Political subdivision employees who are covered by enhanced benefits for hazardous duty employees
HYBRID RETIREMENT PLAN (CONTINUED)

3. Non-Eligible Members (Continued)

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under VRS Plan 1 or VRS Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select VRS Plan 1 or VRS Plan 2 (as applicable) or ORP.

4. Retirement Contributions - A member’s retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee’s creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.

5. Creditable Service

Defined Benefit Component - Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member’s total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contribution Component - Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.

6. Vesting

Defined Benefit Component - Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. VRS Plan 1 or VRS Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Defined Contribution Component - Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description: (Continued)

HYBRID RETIREMENT PLAN (CONTINUED)

6. Vesting (Continued)

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.

- After two years, a member is 50% vested and may withdraw 50% of employer contributions.
- After three years, a member is 75% vested and may withdraw 75% of employer contributions.
- After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.

Distribution is not required by law until age 70½.

7. Calculating the Benefit

- Defined Benefit Component - Same as VRS Plan 1—Refer to Section 7.

- Defined Contribution Component - The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

8. Average Final Compensation - Same as VRS Plan 2—Refer to Section 8. It is used in the retirement formula for the defined benefit component of the plan.

9. Service Retirement Multiplier - The retirement multiplier is 1.0%.

For members that opted into the Hybrid Retirement Plan from VRS Plan 1 or VRS Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

10. Normal Retirement Age

- Defined Benefit Component - Same as VRS Plan 2—Refer to Section 10.

- Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.

11. Earliest Unreduced Retirement Eligibility

- Defined Benefit Component - Members are eligible for an unreduced retirement benefit when they reach normal Social Security retirement age and have at least five years (60 months) of creditable service or when their age and service equal 90.

- Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.
NOTE 14—PENSION PLAN: (CONTINUED)

A. Plan Description: (Continued)

12. Earliest Reduced Retirement Eligibility

- Defined Benefit Component - Members may retire with a reduced benefit as early as age 60 with at least five years (60 months) of creditable service.

- Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.

13. Cost-of-Living Adjustment (COLA) in Retirement

- Defined Benefit Component - Same as VRS Plan 2—Refer to Section 13.

- Defined Contribution Component - Not Applicable.

14. Eligibility - Same as VRS Plan 1 and VRS Plan 2—Refer to Section 14.

15. Exceptions to COLA Effective Dates - Same as VRS Plan 1 and VRS Plan 2—Refer to Section 15.

16. Disability Coverage - Eligible political subdivision and school division members (including VRS Plan 1 and VRS Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.

State employees (including VRS Plan 1 and VRS Plan 2 opt-ins) participating in the Hybrid Retirement Plan are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

Hybrid members (including VRS Plan 1 and VRS Plan 2 opt-ins) covered under VSDP or VLDP are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

17. Purchase of Prior Service

- Defined Benefit Component - Same as VRS Plan 1 and VRS Plan 2—Refer to Section 17.

- Defined Contribution Component - Not Applicable.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the most recent report may be obtained from the VRS website at http://www.varetire.org/Pdf/Publications/2013-annual-report.pdf, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.
B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5.00% of their compensation toward their retirement. All or part of the 5.00% member contribution may be and has been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5% member contribution. This could be phased in over a period up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee paid member contribution. In addition, the City and MCPS are required to contribute the remaining amounts necessary to fund their participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The City’s and MCPS’s non-professional employer contribution rates for the fiscal year ended 2014 were 13.14% and 8.68% of annual covered payroll, respectively.

The MCPS’s contributions for professional employees were $5,298,350, $4,956,555, and $2,992,586 to the teacher cost-sharing pool for the fiscal years ended June 30, 2014, 2013 and 2012. The contribution rates for 2014, 2013 and 2012 were 11.66%, 11.66% and 6.33% respectively.

C. Annual Pension Cost

For fiscal year 2014, the City’s annual pension cost of $3,543,452 was equal to the City’s required and actual contributions.

For fiscal year 2014, MCPS’s annual pension cost for the non-professional employees was $371,111 which was equal to the MCPS’s required and actual contributions.

(1) Employer portion only
NOTE 14—PENSION PLAN: (CONTINUED)

C. Annual Pension Cost: (Continued)

The FY 2014 required contribution was determined as part of the June 30, 2011 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2011 included (a) an investment rate of return (net of administrative expenses) of 7.00%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees, 3.75% to 6.20% per year for teachers, and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year for Plan 1 employees and 2.25% for Plan 2 employees. Both the investment rate of return and the per year salary increases include an inflation component of 2.50%. The actuarial value of the City’s and the School Board’s assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The City and School Board’s unfunded actuarial accrued liabilities are being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at June 30, 2011 for the Unfunded Actuarial Accrued Liability (UAAL) was 30 years.

D. Funded Status and Funding Progress

As of June 30, 2013, the most recent actuarial valuation date, the City’s plan was 68.70% funded. The actuarial accrued liability for benefits was $122,051,379, and the actuarial value of assets was $83,851,467, resulting in an unfunded actuarial accrued liability (UAAL) of $38,199,912. The covered payroll (annual payroll of active employees covered by the plan) was $27,339,629, and ratio of the UAAL to the covered payroll was 139.72%.

As of June 30, 2013, the most recent actuarial valuation date, the City School Board’s plan was 82.5% funded. The actuarial accrued liability for benefits was $14,354,279, and the actuarial value of assets was $11,851,742, resulting in an unfunded actuarial accrued liability (UAAL) of $2,502,537. The covered payroll (annual payroll of active employees covered by the plan) was $4,333,644, and ratio of the UAAL to the covered payroll was 57.75%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability (AAL) for benefits.
NOTE 15—OTHER POSTEMPLOYMENT BENEFITS - HEALTH CARE INSURANCE:

The City and MCPS provide post-retirement health care insurance benefits for employees who are eligible for retirement benefits and who retire from the City or MCPS. There is no provision for deferral of benefits for employees who separate from City or MCPS employment without retiring. In FY 2008 the City and MCPS implemented Governmental Accounting Standards Board Statement 45 - Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension (GASB 45). The City and MCPS made the decision not to fund the plans in FY 2008. The City and MCPS are examining options for the most fiscally responsible solution for both entities.

A. Plan Descriptions

The City of Manassas Retiree Health Insurance Plan is a single-employer defined benefit post-employment healthcare plan for retired City employees. It is administered by the City and was approved by the City Council with policy P-2009-03. Any employee who retires from the City is allowed to remain on the City’s healthcare policy until the age of sixty-five (65) with the same medical coverage (including dependant coverage) as regular full-time employees. Retirees with less than fifteen (15) years of service are responsible for the full cost of the monthly premium. For retirees who were employed with the City on or before June 30, 2009 and who were vested with VRS on or before June 30, 2009, the City provides a monthly subsidy of $100 to retirees with fifteen to nineteen (15-19) years of service or a $200 monthly subsidy to retirees with more than twenty (20) years of service. There are no benefits after the retiree attains age sixty-five (65). There is no provision for deferral of benefits for employees who separate from City employment without retiring.

Membership in the City’s plan consisted of the following at June 30, 2013 the date of the last actuarial valuation.

(1) Number of Participants
   a. Active Employees 429
   b. Retirees (Pre-Medicare) 17

The MCPS Retiree Health Insurance Plan is a single-employer defined benefit post-employment healthcare plan for retired MCPS employees. It is administered by MCPS and was approved by the MCPS School Board. An employee who retires from MCPS with an unreduced VRS retirement is allowed to remain on MCPS’s healthcare policy until eligible for Medicare. Retirees are responsible for the full cost of the monthly premium. MCPS pays 40% of the monthly premium for eligible retirees who retired prior to July 1, 2013 with at least fifteen (15) years of service. There are no benefits after the retiree attains age sixty-five (65). There is no provision for deferral of benefits for employees who separate from MCPS employment without retiring.
NOTE 15—OTHER POSTEMPLOYMENT BENEFITS - HEALTH CARE INSURANCE: (CONTINUED)

A. Plan Descriptions: (Continued)

Membership in MCPS’s plan consisted of the following at June 30, 2014 the date of the last actuarial valuation.

(1) Number of Participants
   c. Active Employees 757
   d. Retirees (Pre-Medicare) 53

(2) Active Statistics
   e. Average Age 44.59
   f. Average Service 10.08

(3) Inactive Statistics - Average Age 60.96

B. Funding Policy

The City and MCPS establish employer contribution rates for plan participants as part of the budgetary process each year. The City and MCPS also determine how the plan will be funded each year, whether it will partially fund the plan or fully fund the plan. Again this is determined annually as part of the budgetary process.

C. Annual OPEB Cost and Net OPEB Obligation

The City’s and MCPS’s OPEB costs are based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represent the level of funding that, if paid on an on-going basis, is projected to cover the normal cost each year and amortize any unfunded liabilities over a period of not to exceed thirty years. The following table shows the components of the City’s and MCPS’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City’s and MCPS’s net OPEB obligation.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employments, mortality and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedules of funding progress, presented as required supplementary information following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. The schedules of employer contributions present trend information about the amounts contributed to the plans by the City and MCPS in comparison to the ARC, an amount that is actuarially determined in accordance with the parameters of GASB 45. The ARC represents the level of funding that, if paid on an ongoing basis, is projected to cover the normal cost for each year and amortize any unfunded actuarial liabilities over a period of not to exceed thirty years.
NOTE 15—OTHER POST EMPLOYMENT BENEFITS - HEALTH CARE INSURANCE: (CONTINUED)

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and the plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial values of assets, consistent with the long-term perspective of the calculation. Additional information as of the latest actuarial valuation follows.

NOTE 16—OTHER POSTEMPLOYMENT BENEFITS - HEALTH INSURANCE CREDIT PROGRAM:

A. Plan Descriptions

The City and MCPS participate in the Health Insurance Credit Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is an agent and cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service. The credit amount and eligibility differs for state, school division, political subdivision, local officer, local social services department and general registrar retirees.

An employee of the City or a nonprofessional employee of MCPS, who retires under VRS with at least 15 years of total creditable service under the System and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of $1.50 per year of creditable service up to a maximum monthly credit of $45. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive the maximum monthly health insurance credit of $45. The health insurance credit program for professional employees of MCPS is described in section F. of this note.

Benefit provisions and eligibility requirements are established by Title 51.1, Chapter 14 of the Code of Virginia. The VRS actuarially determines the amount necessary to fund all credits provided, reflects the cost of such credits in the applicable employer contribution rate pursuant to §51.1-145, and prescribes such terms and conditions as are necessary to carry out the provisions of the health insurance credit program. VRS issues separate financial statements as previously discussed in Note 14.
NOTE 16—OTHER POSTEMPLOYMENT BENEFITS - HEALTH INSURANCE CREDIT PROGRAM:

B. Funding Policy

As a participating local political subdivision, the City is required to contribute the entire amount necessary to fund participation in the program using the actuarial basis specified by the Code of Virginia and the VRS Board of Trustees. The City's and MCPS’s contribution rates for the fiscal year ended 2014 were .19% and .32% of annual covered payroll, respectively.

C. Annual OPEB Cost and Net OPEB Obligation

The annual cost of OPEB under Governmental Accounting Standards Board (GASB) 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, is based on the annual required contribution (ARC). The City and MCPS are required to contribute the ARC, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

For FY 2014, the City’s contribution of $51,035 and MCPS’s contribution of $13,868 were equal to the ARC and OPEB cost. The City's and MCPS’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014 are as follows:

NOTE 16—OTHER POSTEMPLOYMENT BENEFITS - HEALTH INSURANCE CREDIT PROGRAM: (CONTINUED)

D. Funded Status and Funding Progress: (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future and reflect a long-term perspective. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plans and the annual required contributions of the City and MCPS are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plans assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plans (the plans as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used included techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows.

The Retiree Health Insurance Credit benefit is based on a members’ employer eligibility and his or her years of service. The monthly maximum credit amount cannot exceed the member’s actual health insurance premium costs. The actuarial valuation for this plan assumes the maximum credit is payable for each eligible member. Since this benefit is a flat dollar amount multiplied by years of service and the maximum benefit is assumed, no assumption relating to healthcare cost trend rate is need or applied.
NOTE 16—OTHER POSTEMPLOYMENT BENEFITS - HEALTH INSURANCE CREDIT PROGRAM: (CONTINUED)

F. Professional Employees - MCPS

MCPS participates in the Health Insurance Credit Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is a cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service.

A teacher, who retires under VRS with at least 15 years of total creditable service under the System and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of $4 per year of creditable service. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive a monthly health insurance credit of $4 multiplied by the smaller of 1) twice the amount of their creditable service or 2) the amount of creditable service they would have completed at age 60 if they had remained in service to that age.

MCPS is required to contribute, at an actuarially determined rate, the entire amount necessary to fund participation in the program. The current rate is .60% of annual covered payroll. The School Board’s contributions to VRS for the years ended June 30, 2014, 2013, and 2012 were $272,642, $255,054, and $283,642, respectively and equaled the required contributions for each year.

NOTE 17—UPCOMING GASB PRONOUNCEMENTS:

At June 30, 2014, the Governmental Accounting Standards Board (GASB) had issued statements not yet implemented by the City. The statements which might impact the City are as follows:

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, will improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. Statement No. 68 will be effective for fiscal years beginning after June 15, 2014.

The City has not yet determined the effect these GASB Statements will have on its financial statements.

NOTE 18—RESTATEMENT:

Beginning Net Position was restated as follows:

<table>
<thead>
<tr>
<th>Governmental Activities</th>
<th>Business-type Activities</th>
</tr>
</thead>
<tbody>
<tr>
<td>Net position beginning of year, as previously reported</td>
<td>$179,402,785</td>
</tr>
<tr>
<td>Restatement of capital assets for donated assets</td>
<td>10,424,953</td>
</tr>
<tr>
<td>Net position beginning of year, as restated</td>
<td>$189,827,738</td>
</tr>
</tbody>
</table>
NOTE 19—SUBSEQUENT EVENTS:

On August 14, 2014, the City issued General Obligation Public Improvement Refunding Bonds, Series 2014B, in the amount of $9,515,000. The Bonds will be used to complete a partial refunding of the City’s outstanding General Obligation Public Improvement Bonds, Series 2005B.

On November 13, 2014, the City issued General Obligation Public Improvement and Refunding Bonds, Series 2014C, in the amount of $46,895,000. The Bonds will be used to fund construction of a new elementary school and a partial refunding of the City’s outstanding General Obligation Public Improvement Bonds, Series 2005B, a partial refunding of the Industrial Development Authority of Stafford County and the City of Staunton, Virginia (Virginia Municipal League and Virginia Association of Counties) Revenue Bonds, Series 2007B, and a partial refunding of the City’s outstanding General Obligation Public Improvement Bonds, Series 2010D.

Also on November 13, 2014, the City issued Taxable General Obligation Public Improvement Refunding Bonds, Series 2014D in the amount of $1,700,000. The Bonds will be used to refund a portion of the City’s outstanding Taxable General Obligation Public Improvement Bonds, Series 2005C.

NOTE 20—FINANCIAL STATEMENT ADJUSTMENTS:

Subsequent to the issuance of the June 30, 2014 Comprehensive Annual Financial Report, the City of Manassas, Virginia identified $433,115 of receivables for the Highway Planning and Construction Grant which were not recorded as due from other governments. The City also reclassified $73,281 of governmental revenues from state to federal for the Highway Planning and Construction Grant. In addition, the City identified accounts payable related to the grant program in the amount of $122,048.

The Schedule of Expenditures of Federal Awards has been revised to reflect the expenditures for the Highway Planning and Construction Grant in the total amount of $506,395.

Subsequent to the issuance of the June 30, 2014 Comprehensive Annual Financial Report, the City of Manassas, Virginia recorded an adjustment to correct an entry made in the year ended June 30, 2014 for the disposal of fixed assets in the Electric Fund. The original entry removed investment in Plant and corresponding Accumulated Depreciation in the amount of $2,804,514 that should have been a disposal of Machinery and Equipment and Accumulated Depreciation in the same amount.
REQUIRED SUPPLEMENTARY INFORMATION

Note to Required Supplementary Information:

Presented budgets were prepared in accordance with accounting principles generally accepted in the United States of America.

NONMAJOR GOVERNMENTAL FUNDS
SPECIAL REVENUE FUNDS

Family Services Fund - to account for and report revenues from the Federal government and the Commonwealth that are restricted for social services, housing, and human services programs.

Family Services Publishing Fund - to account for and report revenues from the sale of the book "My Mom Has a Job" and committed by City Council for social service programs.

PEG Fund - to account for and report revenue received for cable surcharge fees and restricted by the contract with the cable companies for communications.

Owens Brooke District Fund - to account for and report real estate tax revenues levied and collected for maintaining the roads of the Owens Brooke District.

Fire Rescue Fund - to account for and report real estate tax revenues levied and collected for expenditures of the fire and rescue function.

Merchant Museum Fund - to account for and report donations received from the Merchant family which are restricted by contract for expenditures of the Museum System.

Museum Collections Fund - to account for and report donations received which are restricted for expenditures related to the Manassas Museum collection of artifacts.

Museum Publishing Fund - to account for and report revenues from the sales of museum publications which the City Council has committed to expenditures for future publications.

Speiden Carper House - to account for and report a donation received from the Carper family which is restricted by the contract for expenditures to maintain the historical Speiden Carper House.

Manassas Landing - to account for and report the lease revenues from buildings at Manassas Landing which City Council has committed for future development of Manassas Landing.

CAPITAL PROJECTS FUNDS

General Capital Projects Fund - to account for and report federal and state grants and bonds which are restricted and local funds which City Council has committed for expenditures to purchase and/or construct capital facilities for general government functions.

Gateway Capital Projects Fund - to account for and report federal and state grants and bonds which are restricted and local funds which City Council has committed for expenditures to develop Manassas Landing.

Transportation Capital Projects Fund - to account for and report federal and state grants and bonds which are restricted and local funds which City Council has committed for expenditures to construct new streets and highways.

Storm Water Management Capital Projects Fund - to account for and report federal and state revenues and bonds which are restricted and local funds which City Council has committed for expenditures to construct storm water facilities.

NVTA Capital Projects - to account for and report local revenue, bonds and funds received from the Northern Virginia Transportation Authority (NVTA) which are restricted for additional urban or secondary road construction or other capital improvements that reduce congestion, capital improvements in NVTA’s most recent long range plan, or for public transportation purposes.

PERMANENT FUND

Cemetery Maintenance Fund - to account for and report fees from the sale of cemetery plots which are invested in a perpetual card fund established in the City Code of Ordinances. The Code stipulates that $100,000 of the fees are to remain intact and any amount in excess of $100,000 is restricted for expenditures for cemetery maintenance.

NONMAJOR ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the government’s council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government’s council has decided that periodic determination of net income is appropriate for accountability purposes.

Solid Waste Fund - to account for and report provision of solid waste collection for the residents of the City. All activities necessary to provide this service are accounted for in his fund.

City Square Pavilion Fund - to account for and report the operations and maintenance of the Loy E. Harris Pavilion.

Candy Factory Fund - to account for and report the operation and maintenance of a performing arts center.

Parking Garage Fund - to account for and report the operation of parking service.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other governmental units, on a cost reimbursement basis.

**Building Maintenance Fund** - to account for and report costs related to the operation and maintenance of city owned buildings used by city departments and agencies. Revenue is derived primarily from user charges to recover actual costs.

**Vehicle Maintenance Fund** - to account for and report the costs related to the operation and maintenance of equipment used by city departments and agencies. The acquisition and replacement of equipment is accounted for in this fund. Revenue is derived primarily from user charges to recover actual costs which include depreciation of equipment.

**Information Technology Fund** - to account for and report costs of providing information technology services to city departments and agencies. Revenue is derived primarily from user charges which are based on the use of the City's computers and the actual costs of operating this facility.

DISCRETELY PRESENTED COMPONENT UNIT - MANASSAS CITY PUBLIC SCHOOLS  
GOVERNMENTAL FUNDS

*Operating Fund* - to account for and report revenues from the Federal government and the Commonwealth that are restricted and local fund which are committed by City Council for expenditures for the City's public school system.

*Capital Projects Fund* - to account for and report for bonds which are restricted for the purchase and/or construction of major school facilities and other capital improvements.

*Food Service Fund* - to account for and report revenues from the Federal government and the Commonwealth and collected from the sales of schools lunches that are restricted for expenditures of the cafeteria program in the City's schools.

**FIDUCIARY FUNDS**

*Student Activity Agency Fund* - to account for the assets held by the School Board in a trustee capacity for its students. This fund is custodial in nature (assets equal liabilities) and does not involve measurements of results of operations.

*Private Purpose Trust Funds* - to account for monies donated for the Nancy Lyons and E. Shreve Brent Scholarships.

</tr>
</tbody>
</table>
Total fund balances for governmental funds $ 12,905,167

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:

<table>
<thead>
<tr>
<th>Asset Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land</td>
<td>$ 2,336,649</td>
</tr>
<tr>
<td>Construction in progress</td>
<td>$ 3,623,117</td>
</tr>
<tr>
<td>Buildings and improvements, net of accumulated depreciation</td>
<td>$ 38,719,361</td>
</tr>
<tr>
<td>Machinery and equipment, net of accumulated depreciation</td>
<td>$ 2,039,703</td>
</tr>
</tbody>
</table>

Total capital assets $ 46,718,830

Long-term liabilities applicable to the governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Balances of long-term liabilities affecting net position are as follows:

<table>
<thead>
<tr>
<th>Liability Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Capital leases</td>
<td>(198,996)</td>
</tr>
<tr>
<td>Net OPEB obligation not reported as fund liabilities</td>
<td>(1,835,000)</td>
</tr>
<tr>
<td>Compensated absences not reported as fund liabilities</td>
<td>(2,030,403)</td>
</tr>
</tbody>
</table>

Total net position of governmental activities $ 55,559,598

CITY OF MANASSAS, VIRGINIA

Manassas City Public Schools - Component Unit

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Year Ended June 30, 2014

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Net change in fund balances - total governmental funds</td>
<td>$4,635,919</td>
</tr>
<tr>
<td>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.</td>
<td>160,834</td>
</tr>
<tr>
<td>Bond and loan proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases the long term liabilities and does not affect the statement of activities. Similarly, the repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position.</td>
<td></td>
</tr>
<tr>
<td>Principal paid on capital leases</td>
<td>152,410</td>
</tr>
<tr>
<td>Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This adjustment combines the net changes of the following:</td>
<td></td>
</tr>
<tr>
<td>Net OPEB obligation</td>
<td>118,000</td>
</tr>
<tr>
<td>Compensated absences</td>
<td>(57,884)</td>
</tr>
<tr>
<td>Change in net position of governmental activities (Exhibit B)</td>
<td>$5,009,279</td>
</tr>
</tbody>
</table>

Source: City of Manassas Comprehensive Annual Financial Report

Notes: Fiscal years 2005 through 2013 are presented as restated.

The sum of Invested in capital assets, net of related debt of the primary government and the component unit does not equal Invested in capital assets, net of related debt of the total reporting unit, because the debt related to the component unit is reflected in the primary government's general governmental activities reducing Unrestricted net position. The assets are reflected in the component unit as Invested in capital assets, net of related debt. The total reporting unit matches the assets with the debt and reports the net amount of the Invested in capital assets, net of related debt.

**Source:** City of Manassas Commissioner of the Revenue  
Virginia Department of Taxation Annual Reports

**Notes:**  
- Property is assessed at actual value; therefore, the assessed values are equal to actual values.  
- Property in the City is reassessed each year.  
- Tax rates are per $100 of assessed value.  
- In 2008 the City enacted a Fire Rescue Levy. The tax rates for 2008 through 2014 include this levy.  
- Effective January 1, 2011, the City changed the real property tax year to the fiscal year ending June 30.  
- For the transition, tax year 2011 is a six month tax year ending 6/30/2011, and the tax rate is one half of the 2010 rate. 2010 real property values were used for the 2011 short tax year.  
- Real Property is assessed on January 1 preceeding the fiscal year which begins July 1, except for Tax Year 2011 as noted above.

**Source:** City of Manassas Commission of the Revenue

**Notes:**

- The taxes are due June 5 and December 5.
- For tax years 2002 - 2010, the tax year is the calendar year.
- For tax years 2002 - 2010, the first payment of the tax year is for one fiscal year and the second payment of the tax year is for the subsequent fiscal year.
- Effective January 1, 2011 the City changed the tax year to the fiscal year ending June 30.
- For the transition, tax year 2011 is a six month tax year and therefore the levy for tax year 2011 is about one half the amount of the previous and subsequent levies.
- The taxes for tax year 2011 were due May 2011.
- Beginning with tax year 2012 the tax year begins July 1 and ends June 30.
- Beginning with the Tax Year 2012, the two payments for the tax year (December 5 and June 5) are both due in the fiscal year.
- Beginning in Tax Year 2008, the schedule includes the Fire and Rescue Tax Levy.
- Tax year 2010 began January 1, 2010 and ended December 31, 2010
- Tax year 2011 began January 1, 2011 and ended June 30, 2011
- Tax year 2012 began July 1, 2011 and ended June 30, 2012
- Tax year 2013 began July 1, 2012 and ended June 30, 2013
- Tax year 2014 began July 1, 2013 and ended June 30, 2014

</tbody>
</table>

| Total net debt applicable to limit as a percent of debt limit | 18.39% | 16.81% | 15.24% | 19.24% | 23.76% |

---

**Source:** City of Manassas Comprehensive Annual Financial Report

**Notes:**
- The debt limit is ten percent of the total assessed real property value subject to taxation found in Table VI. The calculation excludes public service and tax exempt property.
- Under Virginia statute, the City's outstanding obligation debt may not exceed ten percent of the assessed valuation of the real estate in the city subject to taxation.
- The debt applicable to the debt margin is the primary government’s general obligation bonds and library literacy loans found in Table X.
- Effective January 1, 2011, the City changed the real property tax year to the fiscal year ending June 30. For the transition, tax year 2011 is a six month tax year and the 2010 real property assessments were used for tax billings at one-half of the 2010 tax rate; therefore, the debt limit is the same in 2010 and 2011.

Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of City Council
City of Manassas, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the Specifications for Audits of Counties, Cities and Towns, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Manassas, Virginia as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise City of Manassas, Virginia’s basic financial statements and have issued our report thereon dated December 15, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Manassas, Virginia’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Manassas, Virginia’s internal control. Accordingly, we do not express an opinion on the effectiveness of City of Manassas, Virginia’s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses (2014-001).
Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Manassas, Virginia’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

City of Manassas, Virginia’s Response to Findings

City of Manassas, Virginia’s response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. City of Manassas, Virginia’s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Robinson, Farmer, Cox & Associates
Fredericksburg, Virginia
December 15, 2014
Independent Auditors’ Report on Compliance For Each Major Program and on Internal Control over Compliance Required by OMB Circular A-133

To the Honorable Members of City Council
City of Manassas, Virginia

Report on Compliance for Each Major Federal Program

We have audited City of Manassas, Virginia’s compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of City of Manassas, Virginia’s major federal programs for the year ended June 30, 2014. City of Manassas, Virginia's major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors’ Responsibility

Our responsibility is to express an opinion on compliance for each of City of Manassas, Virginia’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Manassas, Virginia’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Manassas, Virginia’s compliance.

Opinion on Each Major Federal Program

In our opinion, City of Manassas, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.
Report on Internal Control over Compliance

Management of City of Manassas, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Manassas, Virginia’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Manassas, Virginia’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

The notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.
Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the City of Manassas, Virginia under programs of the federal government for the year ended June 30, 2014. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the City of Manassas, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Manassas, Virginia.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

Note 4 - Relationship to Financial Statements

Listed below is a reconciliation of Federal Revenue and the Schedule of Expenditures of Federal Awards.

Dollar threshold used to distinguish between Type A and Type B programs $302,036

Auditee qualified as low-risk auditee? Yes
Section II - Financial Statement Findings

2014-001 - Donated Capital Assets:

Criteria:
Accounting principles generally accepted in the United States of America (GAAP) require the City to record capital assets donated to the City at estimated fair market value in the period in which they were received.

Condition:
The City at times receives donated capital assets including but not limited to infrastructure assets. The City had not recorded certain assets donated to the City by developers and the Virginia Department of Transportation in prior fiscal years.

Cause and Context of Condition:
The City has internal control processes set up to capture and record donated assets; however, these controls were not operating effectively causing certain donated assets to not be identified and recorded in prior fiscal years. During the current fiscal year City staff identified the need to record such assets.

Effect of Condition:
The recording of certain capital assets donated to the City in prior fiscal years caused a restatement of beginning net position for the year ended June 30, 2014 (reference Note 18 in the Notes to the Financial Statements).

Recommendation:
We recommend City management continue to develop and refine controls related to the recording of donated capital assets. Communication between departments throughout the City is integral in ensuring that nonfinancial transactions such as contributions of capital assets are properly captured and recorded in the City's financial statements.

Management's Response:
The City will work with the other departments to develop and refine procedures to ensure proper controls are in place related to the recording of donated capital assets and that contributions of capital assets are properly captured and recorded in the City's financial statements.

Section III - Federal Award Findings and Questioned Costs
There are no federal award findings and questioned costs to report.
There were no findings reported for the year ended June 30, 2013.
