

Get checked
out from the
comfort and
convenience
of home

Visit a provider on your computer,
phone or tablet at
NovantHealthUVA.org/virtual

We've always provided high-quality care that's close to home for everyone in Gainesville, Haymarket, Manassas, Warrenton and surrounding communities. Now **new and existing patients** can connect with a provider online using virtual care — and get that same level of care from the comfort and convenience of home. It's one more way we're bringing the best of health to you.

On the back of this card, you'll find step-by-step instructions for how to use virtual care to receive minor diagnoses, prescriptions and professional advice from Novant Health UVA Health System providers.

Getting started with virtual care

E-visit:

Fill out an online questionnaire, and a care provider will respond within one business day.

Scheduled video visit:

See a provider online for help with a minor illness.

What you need:

- Internet access
- A laptop, smartphone or tablet
- A **MyChart** account (new patients can sign up for a **MyChart** account at NovantHealthUVA.org/virtual)

How to get started:

- Go to NovantHealthUVA.org/virtual
- Choose E-visit or Scheduled Video Visit and click "**get started**"
- Sign into or sign up for your **MyChart** account
- Follow the prompts to navigate through the next steps
